

# Fact sheet for Parents

Updated: July 11, 2015

## Sign in to Learniat with Parent user id\*

Go to site: <http://54.251.104.13/learniat/index.php/login> & sign in with the school provided user id and password.

## Configure daily email alerts\*

- Set thresholds on grasp index, participation index and behaviour index.

## Analyse child's performance

Till such time a school provided sign in is not provided manually generated reports will be pushed to parents if the school leaders agree to it. To start with following reports would be available to be chosen from.

- List of questions asked by your child
- List of peer queries answered by your child
- List queries from your child that received a Good Question badge
- Visualise the 3 indices progress on each class
- Compare the 3 indices with whole class average

\*Parent logins are still not in; They are planned in future releases.
